## **Fall 2011 Jewelry Classes - Pullen Arts Center**

### **Jewelry - Beginning Metal**

Age 16 yrs. and up.

Design and construct earrings, pins, pendants, charms, or other small objects and tokens in this basic metal working class. Students will learn to saw, file, hammer, and solder wire and sheet metals to create individual projects. Students purchase silver for projects (orders taken first class, approx. \$30) Optional jewelry kits will be available for \$25. The kit will provide each student with solder, sawblades, drill bit, sandpaper and a small amount of copper to get started on projects. Instructor: Betty McKim, Megan Clark, Amy Veatch, Julie Brooks, or Julia Cozart (6 sessions).

#112873	Sep 14-Oct 19W 10:00 am -12:30 pm
#113198	Sep 14-Oct 19W 7:00 pm - 9:30 pm
#113199	Sep 12-Oct 17M 7:00 pm - 9:30 pm
#113200	Oct 14-Nov 18F 10:00 am -12:30 pm

### **Jewelry - Die Forming and Enameling**

Age 16 yrs. and up.

Die Forming and Enameling: Form and Color. Add dimension and color to your jewelry! In this workshop, we will explore enameling on dimensional forms. Students will learn how to create dies to use in forming metal. We will utilize our dies with the hydraulic press to create dimensional forms in metal. These forms will be our starting point as we add texture and further alter our pieces. Enameling with vitreous enamel will add a final layer of color. Techniques for setting enamels will be covered. Join us as we explore color, dimension, texture, and form and create our own unique jewelry. Open to all levels. Instructor: Kathryn Osgood (2 sessions)

### **Jewelry - Enameling Introduction**

Age 16 yrs. and up.

Come explore fusing ground glass onto metal in this introductory enameling course. There are many methods of technique and application that provide widely varying results. In this course students will explore several basic enameling techniques, and will utilize both the kiln and the torch as a means to fuse the glass. Students are encouraged to bring an open mind, a willingness to experiment and work hard as the possibilities are endless! Prerequisite: Beginning Metal at Pullen Arts Center. Students should expect to pay approx \$10-20 for supplies at first class. Instructor: Julie Brooks. (2 sessions).

#113207      Sep 2-Oct 7    F 10:00 am -12:30 pm

## **Jewelry - Making Multiples**

Age 16 yrs. and up.

Blanking Dies and Pattern Development. One-piece blanking dies allow you to easily cut out precise duplicate shapes from silver, gold and other nonferrous sheet metals. Jayne Redman has been using this method for her own production of jewelry for 15 years and has developed ways of creating dies and blanking multiples using basic shop tools. In this workshop you will learn how to develop patterns for this process and the method of sawing dies from flat stock tool steel. You will be amazed at how quickly you can go from original idea to duplicated shape as you make and use your own blanking dies during class. We will be exploring the process of working in multiples rather than focusing on creating a finished piece. Jayne will be demonstrating her own inventive methods of forming, connecting, and engineering. Basic metalsmithing skills such as sawing and filing are required. Material fee of \$110 payable at the class. Supply list provided. Instructor: Jayne Redman (2 sessions).

#113219      Oct 1-2      Sa-Su 9:00 am - 4:00 pm

## **Jewelry - Metal Continuing**

Age 16 yrs. and up.

Continue to expand your skills working independently and on assigned projects to further your knowledge of jewelry techniques. Explore methods of stone setting and hollow form construction. Silver supplies ordered first class (approx. \$30). Optional kits will be available for \$25. The kits will provide each student with solder, sawblades, drill bit, sandpaper and a small amount of copper to get started on projects. Prerequisite: Beginning Metal Jewelry at Pullen Arts. Instructors: Megan Clark or Julie Brooks (6 sessions).

#113203      Nov 2-Dec 7    W 7:00 pm - 9:30 pm

## **Jewelry - Open Studio**

Age 16 yrs. and up.

This class is for the moderately experienced metalsmith who wants to spend studio time with the aid of a knowledgeable instructor. You can design and fabricate your ideas in silver, copper, brass, gold or gold bi-metal, or finish up an existing project. Prerequisite Beginning Metals at Pullen. The instructor will assist you with design, texture, soldering, bezel setting and most other simple techniques. Instructor: Lillian Jones (6 sessions)

#113208      Sep 13-Oct 18    Tu 6:30 pm - 9:30 pm

## **Jewelry - Ring Making Workshop**

Age 16 yrs. and up.

Rings, Rings, Rings: Adorning the finger has been a tradition for ages. Rings are loaded with historical meaning. They can symbolize love/marriage, evoke nostalgia, embody authority or status, and portray accomplishments or affiliations. They can be made for everyday use or for special events. They can be understated or fancifully flamboyant. This class will explore jewelry design, fabrication, stone setting, and assembling techniques that are

related to the ring concept. Aesthetic value of jewelry comes from the artist's imagination and execution rather than from the size of the stone or value of the metal. We will fashion rings of personal importance, expression, and adornment. This class will center around lecture and demonstration with plenty of time for individual attention. We will attempt to create jewelry that is unpredictable, honest, visually complex, bold, confident, simple and beautiful. Basic metalworking skills required. Instructor: Tim Lazure (2 sessions)

\$120

#113212      Oct 8-9      Sa-Su 9:00 am - 4:00 pm

## **Jewelry - Triangle Bead Society**

Age 10 yrs. and up.

Join other bead enthusiasts for 'Bead Talk!' - a discussion and sharing of bead knowledge. Participants pay a \$1.00 participation fee each session.
